Industrial Grade Magnetic and Non-Magnetic Suspended Load Control, Guiding, Positioning, Lifting, Pulling and Holding Tools.

Made in USA

Rigid Magnetic No-Touch Safety Tools

For Suspended Load Control, Positioning & Lifting/Pulling

SAFE-T-STIK being used by a worker to precisely and safely guide a large trench plate into position on a flatbed trailer for delivery.

SAFE-T-STIK

Safely guide and position suspended loads such as road plate, trench plate, shoring, trench boxes, beams, large tubulars, track-out plates, shaker grates, and other heavy steel components with Safety, Precision and Control. Keep employees safer by keeping their hands, feet and body away from dangerous crush and pinch points.

FEATURES

- Lightweight & strong
- Rigid, push & pull control
- Adjustable handle
- 360° rotation, 180° pivot
- Easy to release magnet
- Bright orange color
- Reflective bands
- Made in USA

SPECS

Part # STS001
Length: Fixed, 54"
Weight: 5 LBS
Handle: Adjustable
Grip Force: 500 LBS
Package Weight: 7 LBS
Package Size: 61" x 6" x 6"

Order by phone: (888) 232-6275 or send POs to ORDERS@ADAMARINDUSTRIES.COM

Made in USA

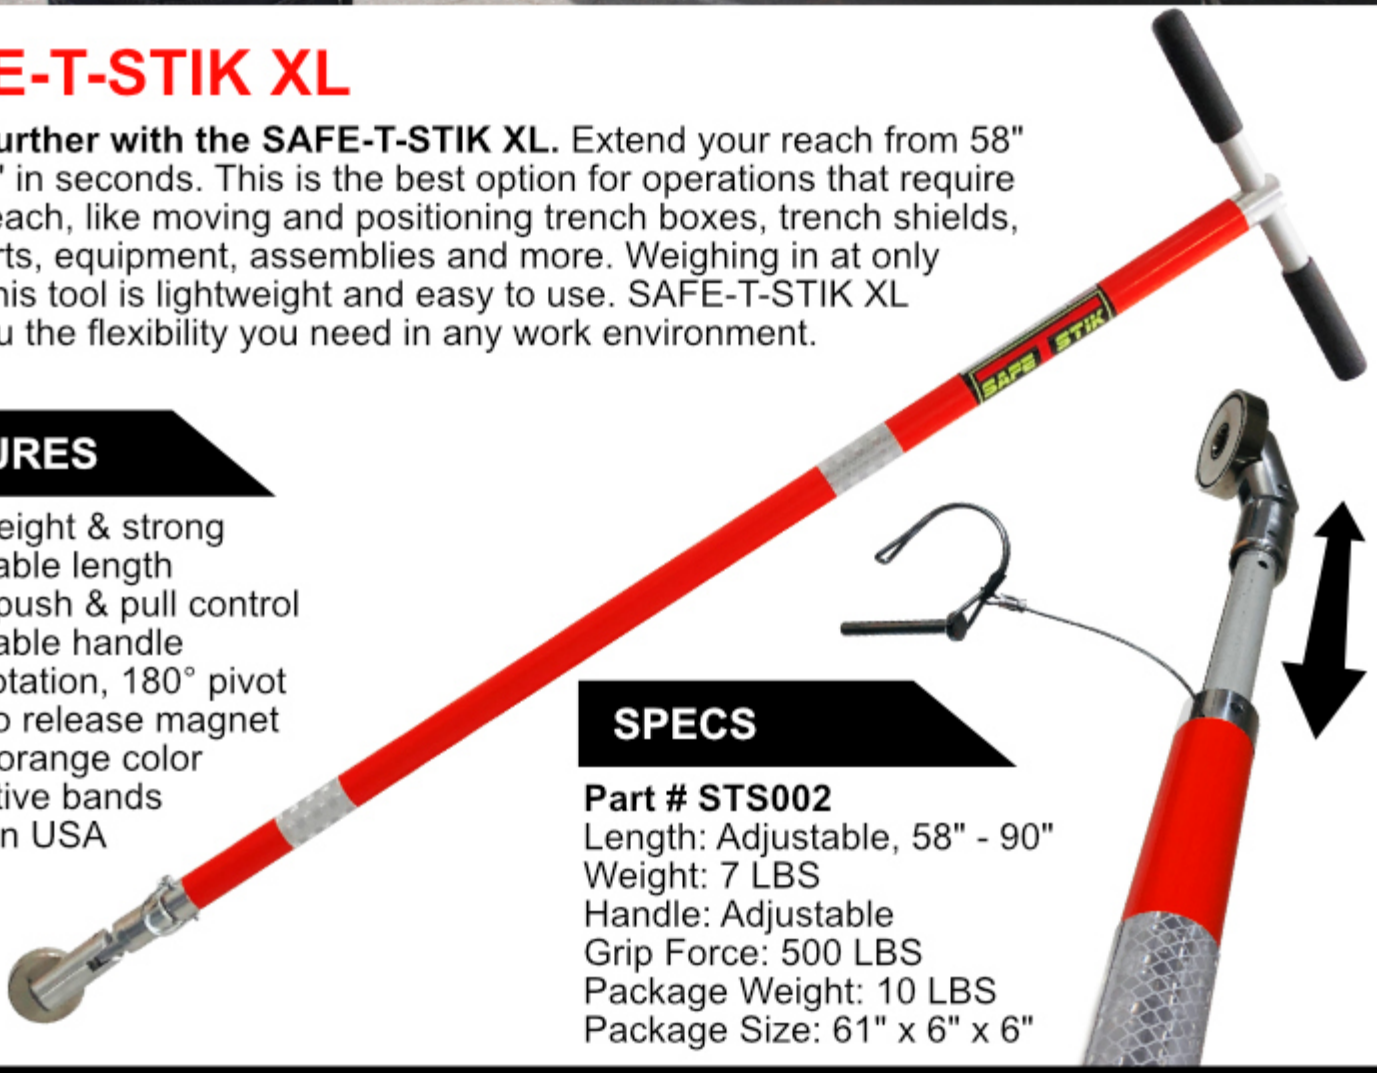
Rigid Magnetic No-Touch Safety Tools

For Suspended Load Control, Positioning & Lifting/Pulling

SAFE-T-STIK XL keeps a worker a safe distance from a potentially dangerous suspended load without sacrificing precision control.

SAFE-T-STIK XL

Reach further with the SAFE-T-STIK XL. Extend your reach from 58" up to 90" in seconds. This is the best option for operations that require longer reach, like moving and positioning trench boxes, trench shields, large parts, equipment, assemblies and more. Weighing in at only 7 LBS, this tool is lightweight and easy to use. SAFE-T-STIK XL gives you the flexibility you need in any work environment.



FEATURES

- Lightweight & strong
- Adjustable length
- Rigid, push & pull control
- Adjustable handle
- 360° rotation, 180° pivot
- Easy to release magnet
- Bright orange color
- Reflective bands
- Made in USA

SPECS

Part # STS002
Length: Adjustable, 58" - 90"
Weight: 7 LBS
Handle: Adjustable
Grip Force: 500 LBS
Package Weight: 10 LBS
Package Size: 61" x 6" x 6"

Made in USA

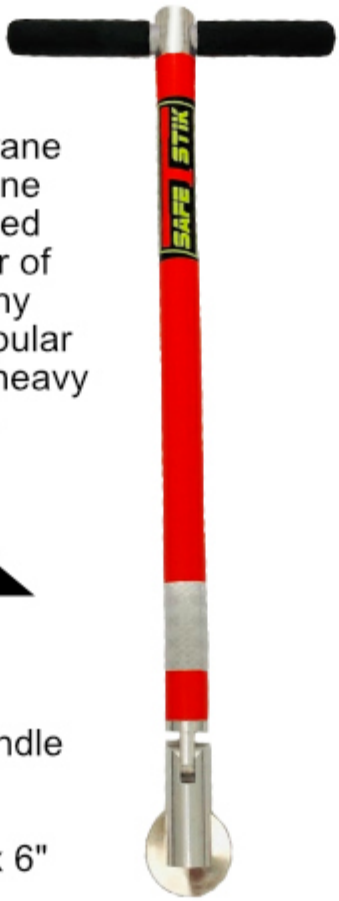
Rigid Magnetic No-Touch Safety Tools

For Suspended Load Control, Positioning & Lifting/Pulling

SAFE-T-STIK SR is shown helping a worker safely stabilize and position a 25,000 LB electric motor for maintenance.

SAFE-T-STIK SR

A "short reach" model for confined or tight work areas. The SR is great for overhead, gantry or knuckle boom crane operators. Easily hold in one hand and control suspended loads. This smaller brother of the SAFE-T-STIK has many possible uses and is a popular choice for steel mills and heavy equipment manufacturing.



FEATURES

- Lightweight & strong
- Rigid, push & pull control
- Adjustable T-handle
- Fixed D-handle
- Easy 1 hand operation
- 360° rotation, 180° pivot
- Easy to release magnet
- Bright orange color
- Reflective bands
- Made in USA

SPECS

Part # STS005
Length: Fixed, 30"
Weight: 4 LBS
Handle: Adjustable T-handle
Grip Force: 500 LBS
Package Weight: 6 LBS
Package Size: 41" x 6" x 6"

SPECS

Part # STS005DH
Length: Fixed, 36"
Weight: 4 LBS
Handle: Fixed D-Handle
Grip Force: 500 LBS
Package Weight: 6 LBS
Package Size: 41" x 6" x 6"

Order by phone: (888) 232-6275 or send POs to ORDERS@ADAMARINDUSTRIES.COM

Made in USA

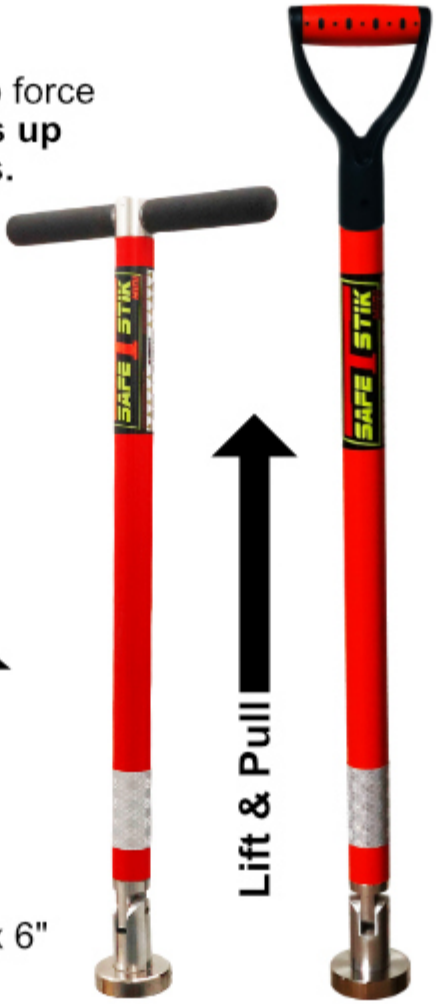
Rigid Magnetic No-Touch Safety Tools

For Suspended Load Control, Positioning & Lifting/Pulling

SAFE-T-STIK mini is a super strong lifting and pulling tool. Pull up municipal water valve covers, grates and more!

SAFE-T-STIK mini

With over 500 LBS of magnetic grip force the **SAFE-T-STIK mini easily pulls up small water valve covers and lids.** No more hammers, pry bars, screwdrivers and smashed fingers. Lift and pull the steel objects that can cause injuries to workers hands and fingers. This tool is built to lift and pull vertically. (*Not recommended for suspended load control in most situations*)



FEATURES

- Lightweight & strong
- 500 LBS of pull force
- 360° rotation, 100° pivot
- Easy to release magnet
- T and D handle options
- Bright orange color
- Reflective bands
- Made in USA

SPECS

Part # STS003
Length: Fixed, 30"
Weight: 4 LBS
Handle: Fixed T-handle
Pull Force: 500 LBS
Package Weight: 6 LBS
Package Size: 32" x 13" x 6"

SPECS

Part # STS003DH
Length: Fixed, 36"
Weight: 4 LBS
Handle: Fixed D-handle
Pull Force: 500 LBS
Package Weight: 6 LBS
Package Size: 41" x 6" x 6"

Order by phone: (888) 232-6275 or send POs to ORDERS@ADAMARINDUSTRIES.COM

Made in USA

Rigid Magnetic No-Touch Safety Tools

For Suspended Load Control, Positioning & Lifting/Pulling

SAFE-T-STIK lite

A slim, lightweight magnetic load control and positioning tool with a straight grip provides a different no-touch safety tool option.

Lighter 1 inch tube helps reduce fatigue and the straight grip keeps it simple and usable in almost any situation. Same Safe-T-Stik quality and magnet release functionality as it's bigger brothers.

FEATURES

- Lightweight & strong
- 500 LBS of pull force
- 360° rotation, 100° pivot
- Easy to release magnet
- Straight handle options
- Bright hi-vis yellow
- Made in USA

SPECS

Part # STS006-32
Length: Fixed, 32"
Weight: 3 LBS
Handle: Fixed Straight
Magnet: 500 LBS
Package Weight: 4 LBS
Package Size: 41" x 6" x 6"

SPECS

Part # STS006-52
Length: Fixed, 52"
Weight: 3.5 LBS
Handle: Fixed Straight
Magnet: 500 LBS
Package Weight: 5 LBS
Package Size: 61" x 6" x 6"

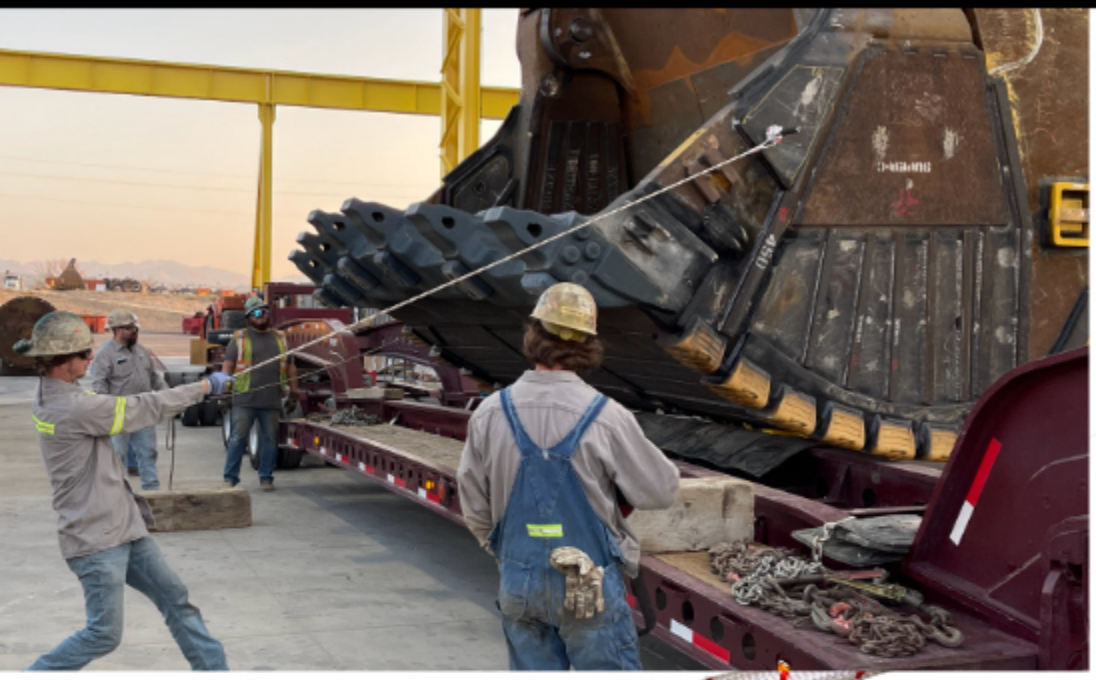
Made in USA

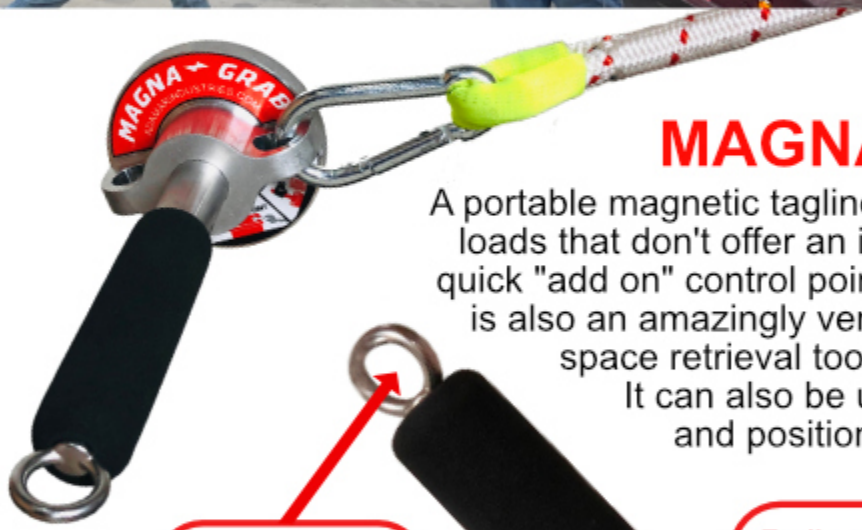
Magnetic Anchor Point, Retrieval Tool

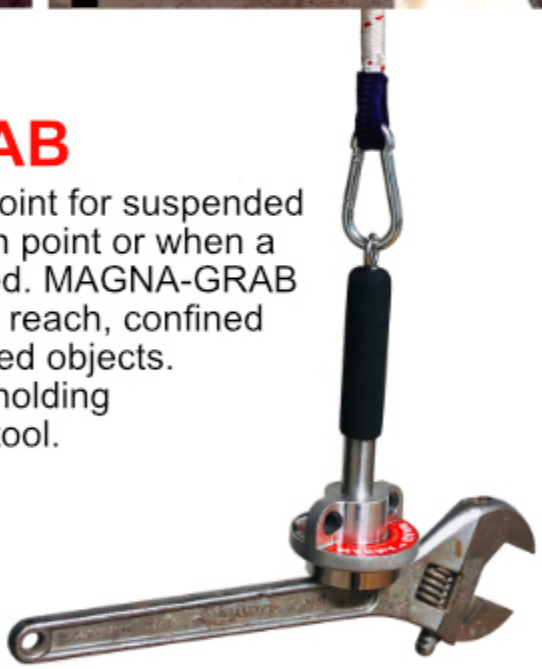
and hand safety tool for material handling, load control & holding.



MAGNA-GRAB

A portable magnetic tagline anchor point for suspended loads that don't offer an ideal attach point or when a quick "add on" control point is needed. MAGNA-GRAB is also an amazingly versatile long reach, confined space retrieval tool for dropped objects. It can also be used as a holding and positioning hand tool.





FEATURES

- Lightweight & strong
- Compact
- Versatile
- Rugged and durable
- Easy to attach/release
- Stainless steel eye bolt
- Crafted from aluminum
- Made in USA

SPECS

Part # MG001
Length: 8"
Max Width: 4"
Weight: 3 LBS
Grip Force: 500 LBS
Package Weight: 4 LBS
Package Size: 12" x 6" x 7"

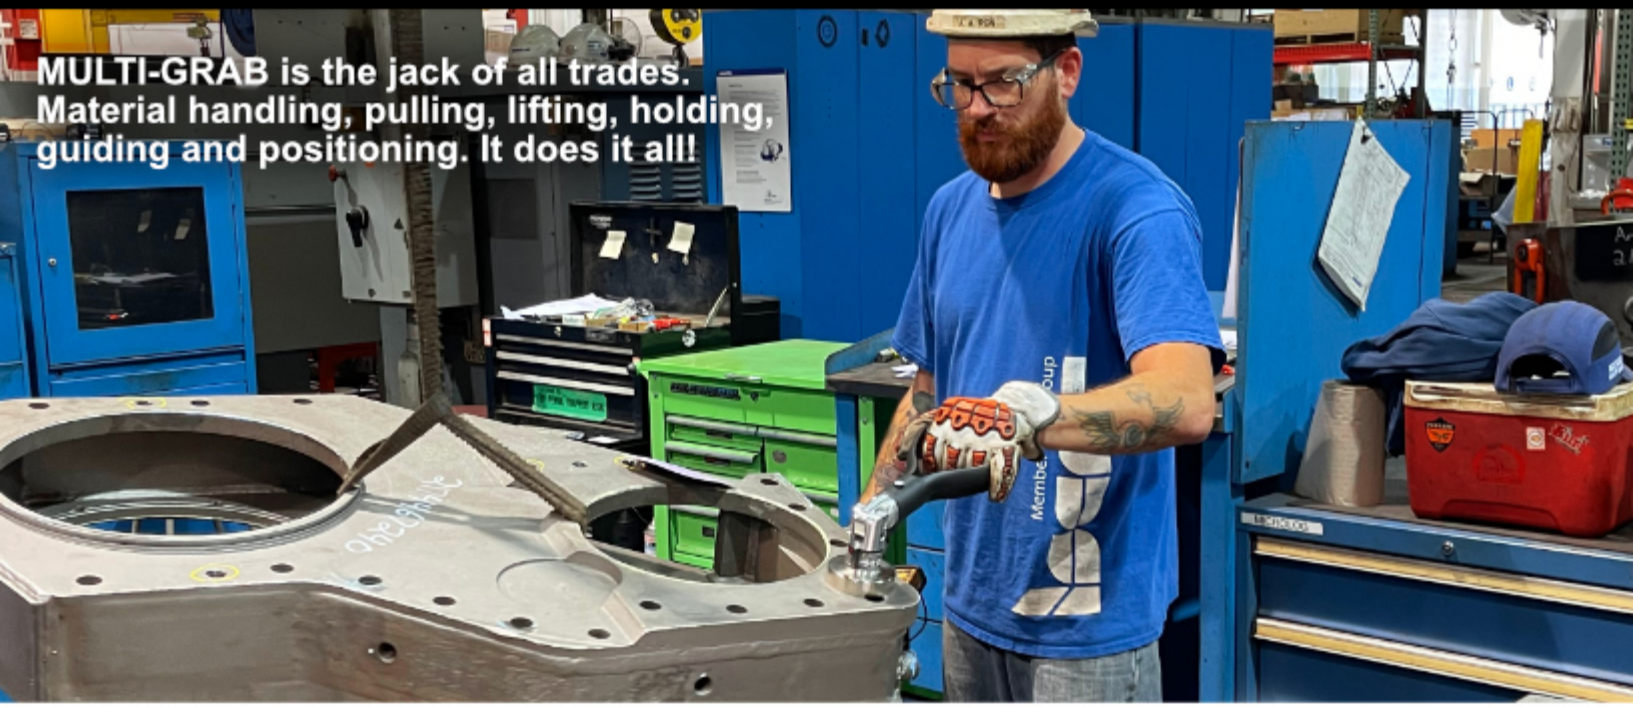
Multi-Use Magnetic Hand Safety Tool

Hold, Lift, Carry, Guide and Position



MULTI-GRAB II

An extremely versatile material handling, lifting and pulling hand safety tool. **MULTI-GRAB helps your employees keep their hands off it and away from hazardous pinch, crush and cut points.** The D-handle allows for a sure single handed grip on steel sheet, scrap, drop, assemblies, parts, equipment and more. Use it on work tables, welding tables, water jetting tables, assembly lines and in many steel fabrication operations.

FEATURES

- Lightweight & strong
- Compact and versatile
- 360° rotation, 180° pivot
- Rugged and durable
- Easy to attach/release
- Crafted from aluminum
- Made in USA

SPECS

Part # MG002
Length: 12"
Lockable: **No**
Weight: 2.5 LBS
Grip Force: 500 LBS
Package Weight: 4 LBS
Package Size: 12" x 6" x 7"

Multi-Use Magnetic No Touch Tools

Hold, Lift, Carry, Guide and Position

MULTI-GRAB IV

An extremely versatile material handling, lifting and pulling hand safety tool. **MULTI-GRAB helps your employees keep their hands off it and away from hazardous pinch, crush and cut points.** The D-handle allows for a sure single handed grip on steel sheet, scrap, drop, assemblies, parts, equipment and more. Use it on work tables, welding tables, water jetting tables, assembly lines and in many steel fabrication operations.

EZ Lever Release
Precision laser cut aluminum CAM designed to make removing the magnet from steel quick and easy. Just push handle forward.

Lower Pivot Point
Allows for more push/pull force and ability to drag or move heavier parts and pieces.

FEATURES

- Lightweight & strong
- Compact and versatile
- EZ lever magnet release
- 360° rotation, 112° pivot
- Rugged and durable
- Easy to attach/release
- Crafted from aluminum
- Made in USA

Multi-Use Magnetic No Touch Tools

Hold, Lift, Carry, Guide and Position

MULTI-GRAB IV

The Multi-Grab line of magnetic no touch tools also comes in various lengths, giving you more choices based on your specific operational needs. The Multi-Grab tools are a great choice for multiple use flexibility, perform suspended load control, material handling, lifting/pulling (45 lbs or less is recommended), guiding and positioning.

FEATURES

- Lightweight & strong
- Compact and versatile
- EZ lever magnet release
- 360° rotation, 112° pivot
- Rugged and durable
- Easy to attach/release
- Crafted from aluminum
- Made in USA

SPECS

Part # MG004-24
Length: 24"
Lockable: **No**
Weight: 4.5 LBS
Grip Force: 500 LBS
Box Weight: 5 LBS
Box Size: 41"x6"x6"

Part # MG004-36
Length: 36"
Lockable: **No**
Weight: 5.5 LBS
Grip Force: 500 LBS
Box Weight: 6 LBS
Box Size: 41"x6"x6"

Part # MG004-60
Length: 60"
Lockable: **No**
Weight: 6 LBS
Grip Force: 500 LBS
Box Weight: 7 LBS
Box Size: 41"x6"x6"

Part # MG004-XL
Length: 58" to 90"
Lockable: **No**
Weight: 8 LBS
Grip Force: 500 LBS
Box Weight: 10 LBS
Box Size: 61"x6"x6"

On/Off Material Handling Magnet

Hold, Lift, Carry, Guide and Position

FEATURES

- Lightweight, strong & versatile
- Push/pull, lift/carry & hold
- Turn on & off easily
- 2 handle locking positions
- "V" grooves for holding rounds
- Easy to attach/release
- Crafted from aluminum & steel
- Assembled in USA

Turn On and Off Easily
Push down and twist the on/off switch clockwise to turn the magnet on. Twist counter clockwise to turn it off.

MULTI-GRAB V

An extremely versatile material handling, lifting and pulling, holding and suspended load control magnet with **On/Off functionality**. Place the magnet on steel, turn it on and get approximately 380 LBS of magnetic grip force. Turn it off to release and demagnetize it. Includes a proprietary **2 position locking handle** that allows the user to select the best handle position for the job. **"V" grooves to grip rounds and rods** on the bottom and 2 sides of the magnet.

2 Position Locking Handle
Handle locks in a vertical and horizontal position to give the user a wide range of usability and versatility.

SPECS

Part # MG005
Length: 9"
Lockable: **Yes**
Weight: 3.5 LBS
Grip Force: Approx 380 LBS
Package Weight: 4 LBS
Package Size: 12" x 6" x 7"

Hook, Pick, Push & Pull Hand Safety Tool

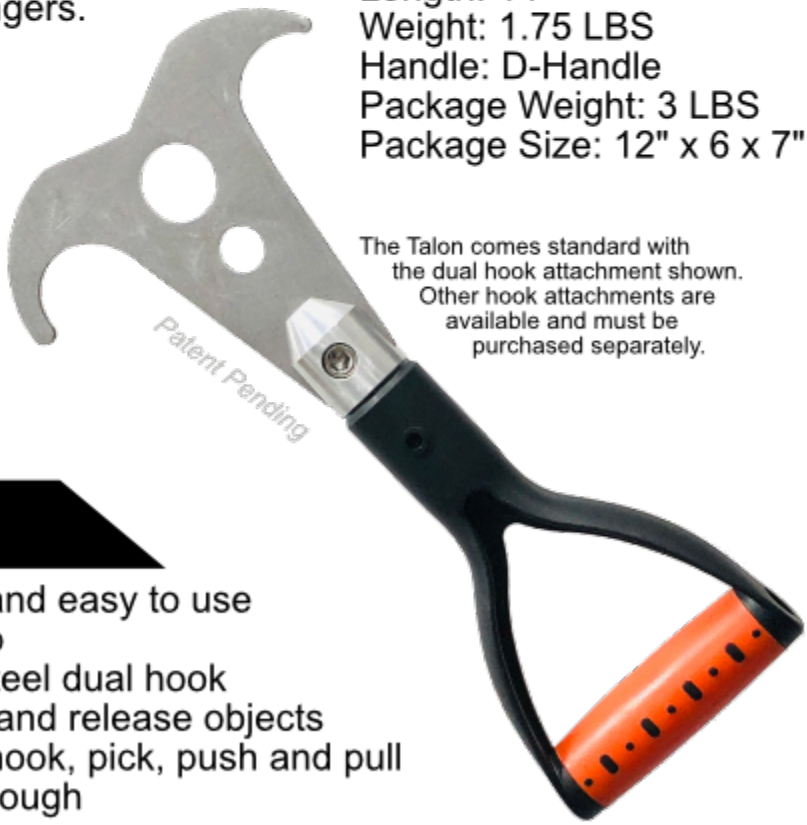
Let's Keep What We Were Born With!

TALON

A small versatile hand tool that enables easy **picking, hooking, pulling and pushing**. Use it when it comes to manipulating, moving or actuating dangerous objects with potential for pinch and crush injuries to hands and fingers. The Talon is useful on oil rigs, drilling rigs, ships, material handling and more. Use it to guide and maneuver rebar, pipe, beams and much more.

SPECS

Part # TAL001
Length: 14"
Weight: 1.75 LBS
Handle: D-Handle
Package Weight: 3 LBS
Package Size: 12" x 6 x 7"



The Talon comes standard with the dual hook attachment shown. Other hook attachments are available and must be purchased separately.

FEATURES

- Light weight and easy to use
- D-Handle grip
- Galvanized steel dual hook
- Easy to grab and release objects
- Designed to hook, pick, push and pull
- Durable and tough
- Made in USA

SLING-STIK

Rigid Push/Pull Suspended Load Control

Grab Chain, Wire Rope and Other Control Points

SLING-STIK

Controlling large or heavy suspended loads with a hands on approach is dangerous and can be very costly! Sling-Stik enables a worker to grab onto and provide push/pull forces to precisely guide and position from a distance. Grab and hold onto chain, wire rope & synthetic slings as well as hard points such as welded handles, D-rings, hooks, rebar and more.

FEATURES

- Light weight and easy to use
- D-Handle grip
- **Choose one sling hook option when you purchase.**
- Quickly change sling hooks
- Innovative sling hook design
- Easy to grab and release suspended load hook points
- High visibility green/yellow
- **Add other attachment hooks as needed**
- Reflective bands
- Made in USA

Choose a hook attachment option when you purchase your Sling-Stik

Purchase additional hook attachments separately as needed.

SPECS

Part # SS001
Length: 60"
Weight: 4-5 LBS
Handle: D-Handle
Package Weight: 4 LBS
Package Size: 61" x 6 x 6"

SLING-STIK

Rigid Push/Pull Suspended Load Control

Grab Chain, Wire Rope and Other Control Points

SLING-STIK XL

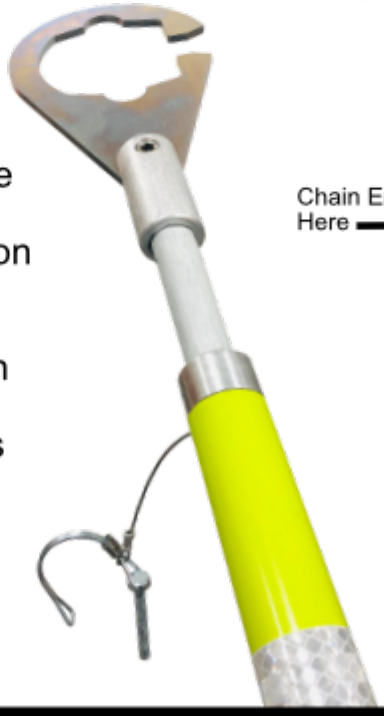
Get a hold and keep control of suspended loads!
Sling-Stik XL is extendable up to 98" long and gives users more range of use and can keep users further away from hazards. Use the Sling-Stik XL to grab, hold, pull and guide lifting chain, slings, wire rope and more. Use it to grab onto existing or welded on control points such as steel bar D-rings and more.

SPECS

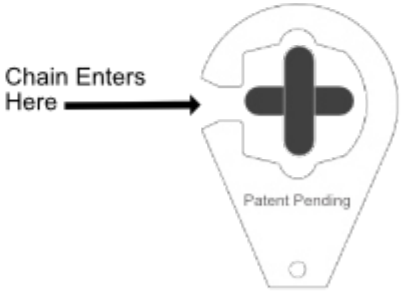
Part # SS002
Length: 64" to 98"
Weight: 7 LBS (average)
Handle: D-Handle
Package Weight: 7 LBS
Package Size: 61" x 6 x 6"

FEATURES

- Light weight and easy to use
- D-Handle grip
- Choose one sling hook option when you purchase
- Quickly change sling hooks
- Innovative sling hook design
- Easy to grab and release suspended load hook points
- High visibility green/yellow
- Add other attachment hooks as needed
- Reflective bands
- Made in USA



Chain Stays Retained in the Specially Designed Sling Hook.



Choose a hook attachment option when you purchase your Sling-Stik

Purchase additional hook attachments separately as needed.

Professional Grade Post Pulling System

A New Level Of Efficiency and Safety

DURA-PULL

Professional grade post pulling system.
Get them up and out faster, safer and with more efficiency than ever before. Dura-Pull is capable of pulling out just about any post that isn't heavily cemented in the ground. T-post, round post, square post, wood and metal it will come out quick and easy with Dura-Pull.

SPECS

Part # DUR001
Weight: 33 LBS
Handle: Extends
Package Weight: 40 LBS
Package Size: 38" x 15 x 19"

FEATURES

- Strong **dual wall steel** construction
- Laser cut and welded
- Engineered to last in tough work environments
- Extendable handle for more leverage/pull force
- Mobile, **it rolls with you** from post to post
- Goes from stow mode to pulling mode in seconds
- Additional T-Post attachment available
- Chain & optional attachments stow in chassis
- Proprietary magnetic pin for stow and pull mode
- 1 year warrantee against manufacture defects
- Comes fully assembled with user manual
- Made in USA

Patent Pending

Optional T-Post Attachment.

Makes pulling up t-post super fast and easy!

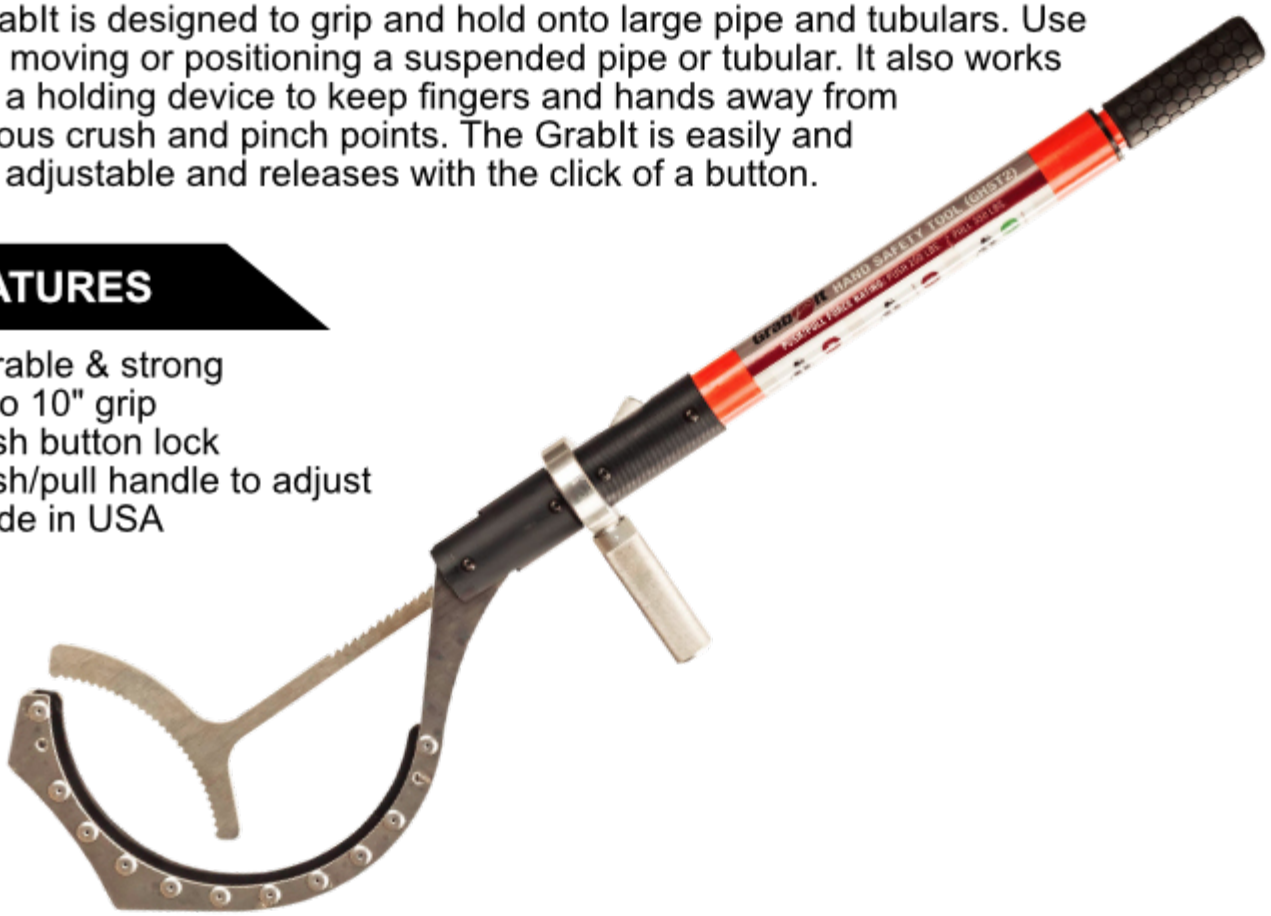
GrabIt

Keep Your Hands Off It With GrabIt!

Adjustable Lock-On Grip for Tubulars and Pipe

GRABIT

The GrabIt is designed to grip and hold onto large pipe and tubulars. Use it when moving or positioning a suspended pipe or tubular. It also works well as a holding device to keep fingers and hands away from hazardous crush and pinch points. The GrabIt is easily and quickly adjustable and releases with the click of a button.



FEATURES

- Durable & strong
- 3" to 10" grip
- Push button lock
- Push/pull handle to adjust
- Made in USA

Work Safe & Work Smart With No-Touch Tools

Made in USA

Hold It

Reduce Hand & Finger Injuries

Safely Hold Objects When Impact is Required

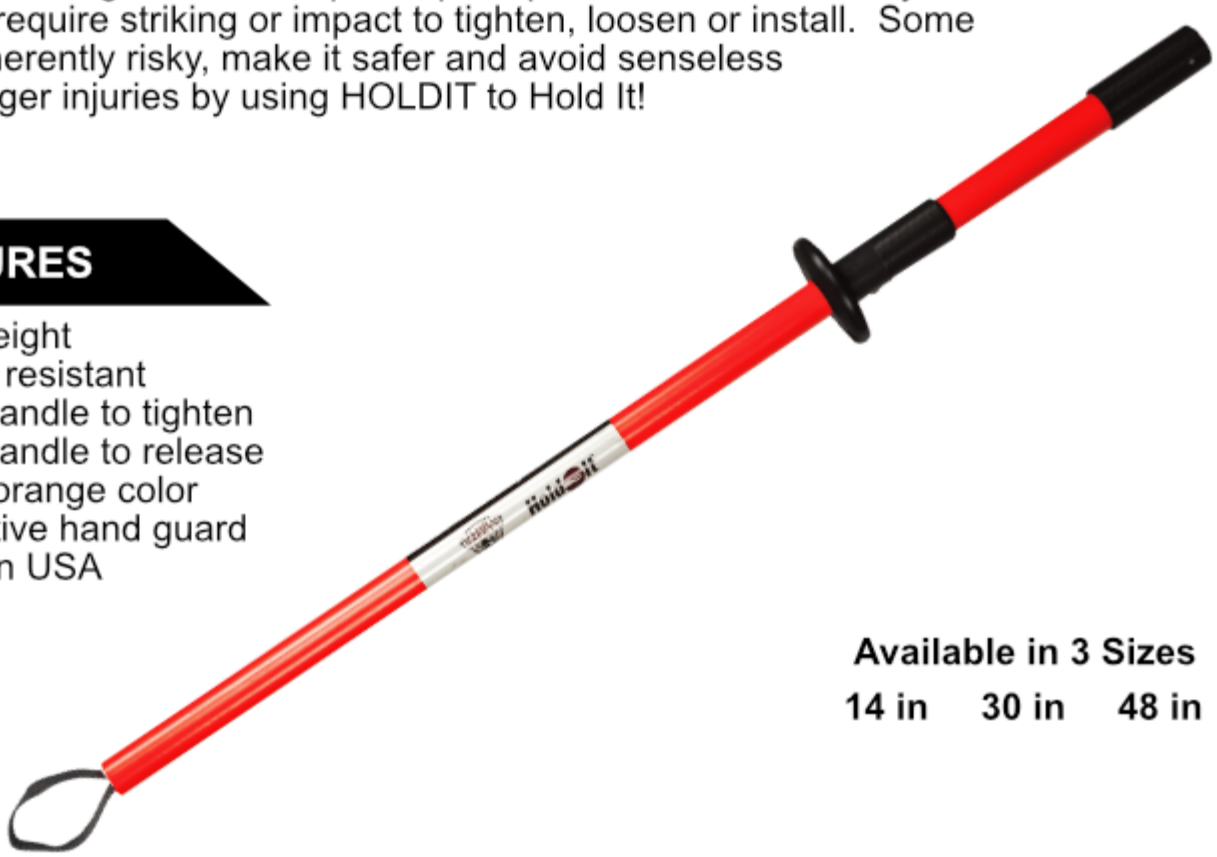
HOLDIT is a necessary safety tool when the job MUST get done without injury to hands and fingers.

HOLDIT

Safely hold striking wrenches, spikes, pins, posts, stakes and many other objects that require striking or impact to tighten, loosen or install. Some tasks are inherently risky, make it safer and avoid senseless hand and finger injuries by using HOLDIT to Hold It!

FEATURES

- Lightweight
- Impact resistant
- Twist handle to tighten
- Twist handle to release
- Bright orange color
- Protective hand guard
- Made in USA



Available in 3 Sizes

14 in 30 in 48 in

TOOL HOLDERS & HANGERS

Keep Your Tool Secure and Ready For Action

Securely mount no touch tools to work trucks and heavy equipment.

Securely hang your no touch tools where employees need them.

SLICK-GRIP TOOL HOLDERS

Keep you tools safe and secure. Slick-Grips can be used in work areas, on tool storage boards, or can be mounted on work trucks, heavy equipment, gantry cranes and more. They are super tough and the rubber latch design keeps your tools locked down snugly.

FEATURES

- Adjustable grip
- Super tough
- Rubber pull latch
- Mount anywhere
- Won't scratch
- Weather resistant
- Hardware included
- 2 mounts per pack

Part #: AI-SR2557
QTY: 2 Pack

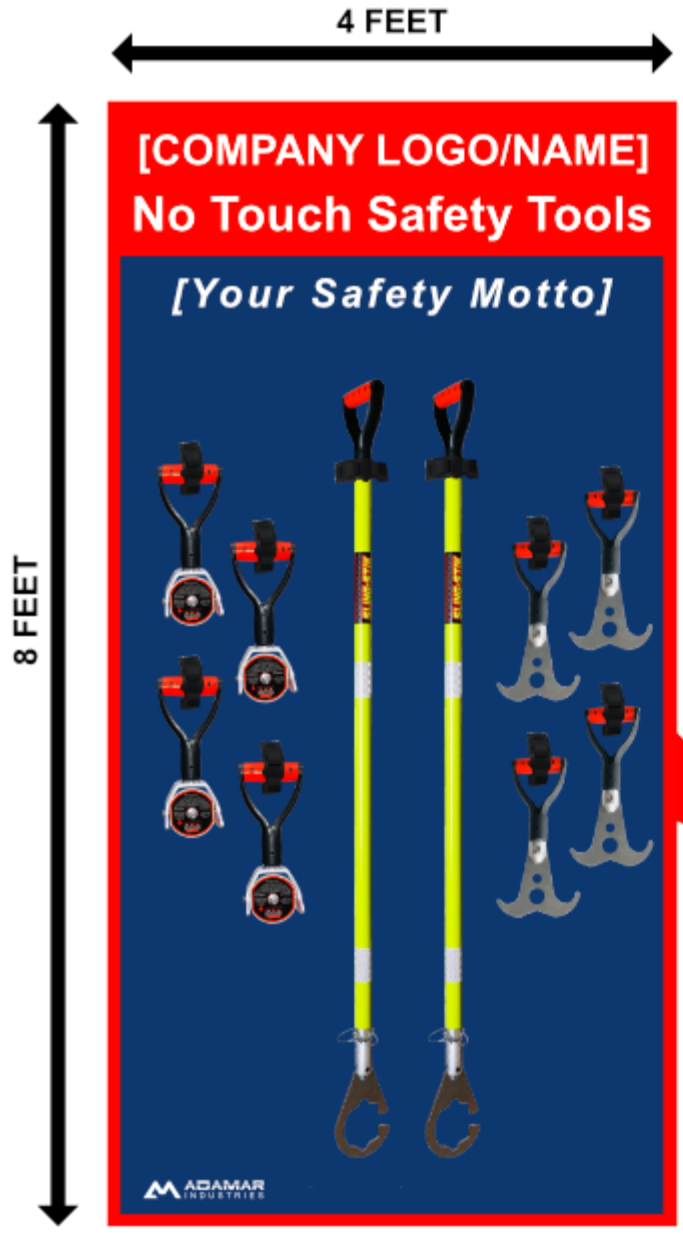
NO TOUCH TOOL STORAGE BOARDS

Keep Your Tool Together and Accessible in Key Work Areas

TOOL STORAGE BOARDS

We will work with your company to design a no touch tool board that can be mounted in key work areas. These boards are constructed by applying full color vinyl graphics with a tough, durable clear laminate over an aluminum sheet which is glued to 9/16 inch plywood. This makes for a large, durable easily recognizable tool storage board that provides employees with quick recognition of tools that can be used for many operations that require a hands off, no touch approach.



This is just a sample of how tools can be organized and mounted. You can customize your tool board layout however you like.

FEATURES

- Strong and Durable
- Easily and Quickly Recognizable
- Central Storage Location
- Mount or Display in Key Work Area
- Mount any of the ADAMAR Tools
- Keep Track of Your Tools
- Promote Good Organization
- Comes With 10 Rubber Tool Mounts and Hardware
- Customize to Match Your Company Colors and Branding
- Made in USA

Replacement Parts & Other Products

REPLACEMENT MAGNETS

PART: MAGKIT

2 Pack Replacement Magnets

Kit Includes:

- 2 - Magnets
- 2 - Syringes of thread locker *
- 2 - 3/8 x 1" Bolts *
- 2 - 3/8 x 1 1/2" Bolts *
- 2 - Lock nuts & washers *
- 2 - Standard magnet caps
- Instruction sheet

* May or may not be included in kit depending on the tool specified for replacement magnet kit.

Magnets are a wearable item.

WT: 2.5 LBS

MAGICAPS

PART: MCAP002

6 Pack - Rubber/Silicone Magnet Caps

Protect Painted Surfaces & Reduce Magnet Vertical Pull Strength.

- Eliminate surface scratches on painted surfaces
- Reduce magnet strength (helps on thin gage steel.
- Increases horizontal pull force grip. (adds more friction)
- This is a wearable item

WT: 2 LBS

MAGNET CAPS

PART: MCAP001

6 Pack - Hard Vinyl Magnet Caps

Standard issue hard vinyl magnet caps that come with each product. Used as a protective magnet cap for safety and debris protection.

DO NOT USE THIS CAP DURING LOAD CONTROL OR MATERIAL HANDLING OPERATIONS!

WT: 2 LBS

SPRING PULL PIN

Replacement Pull Pin For Multi-Grab III

PART: AI-SS-SPP

SNAP HOOK

For TAG-RITE Tag Line Ropes

PART: 38SSH

HARDWARE

Various Replacement Hardware

CHOOSING THE RIGHT SAFE-T-STIK TOOL

Suspended Load Control or Lifting & Pulling?

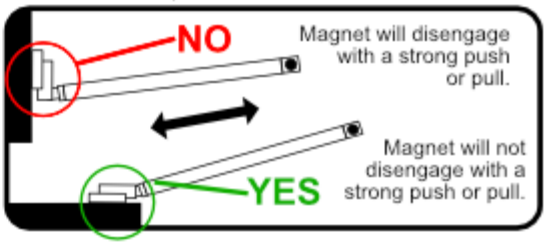
It's All About The Pivot Point

Our magnetic tools come with a variety of different knuckles each, with a different pivot point. Each knuckle was designed to achieve a range of specific functionality directly related to the intended uses of each tool.

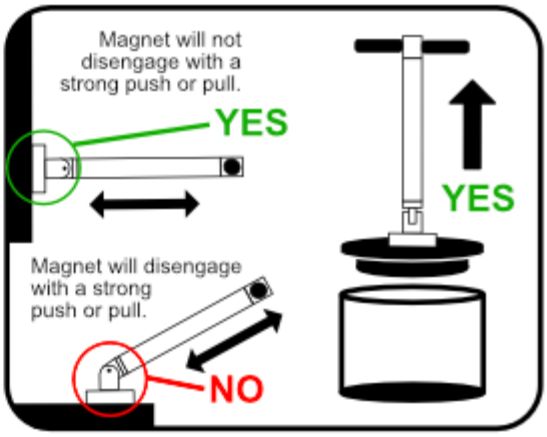
What is a knuckle? It's the pivot point or joint where two pieces or parts are pinned or screwed together. Yes, our magnetic tools have knuckles.

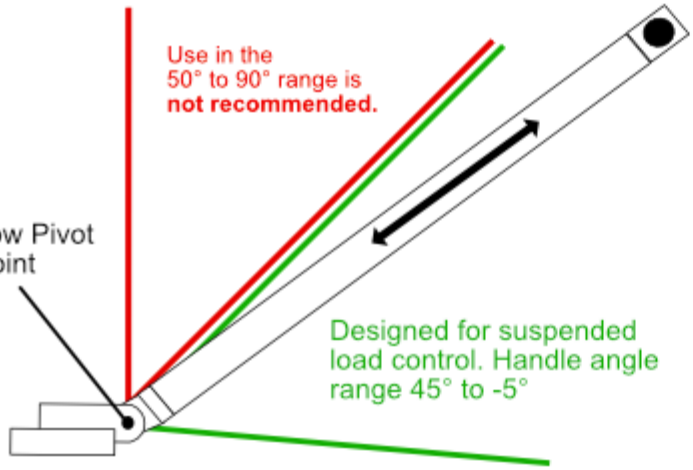
SAFE-T-STIK mini (STS003) tools are not the recommended choice for suspended load control operations.

STS001, STS002, STS005, STS005DH, STS006-32, STS006-52



STS003, STS003DH



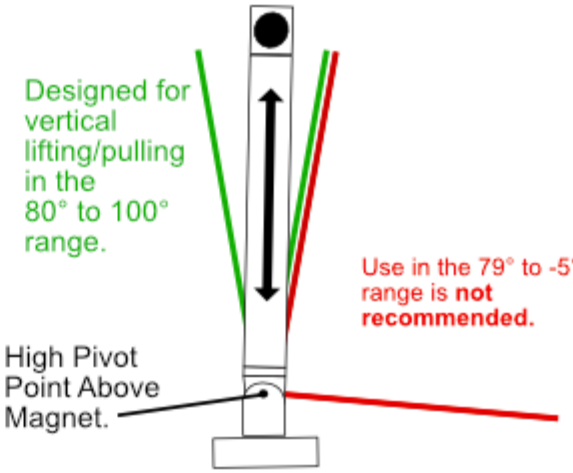


Suspended Load Control & Positioning Horizontal Push/Pull Control

The STS001, STS002, STS005 & STS006 tools use a knuckle with a very low to the magnet pivot point. This allows a user to apply maximum push/pull force when the handle is at an angle between -5° and 45°. To remove the magnet from steel, the user tips the tool past 90° and applies pressure to "peel" or "lever" the magnet off of the steel.

This knuckle is designed for horizontal push/pull force applied by the user. The force applied by the user is passed directly to the pivot point. As you can see, it is very low to the magnet and at a point where it would be very hard to cause the magnet to disengage during use.

These tools should not be used for vertical lifting or pulling.



Vertical Lifting and Pulling

The STS003, STS003DH are designed primarily for vertical lifting and pulling. The pivot point is higher and directly over the magnet to provide some pivot motion for users to apply vertical lifting force. If it is used as shown above, the magnet can be easily leveraged off of steel with push or pull force applied by the user.
