

MAGNA → GRAB

Magna-Grab is a versatile magnetic no-touch hand safety tool with many uses. The magnet provides approximately 500 LBS of pull force on steel 1/2" thick or more. Magna-Grab is light, durable and compact so it can be used just about anywhere.

USES:

Magna-Grab can be used as a magnetic tag line or tether anchor point on suspended steel loads that don't have ideal attach points. Magna-Grab can be used as magnetic retrieval tool. Retrieve dropped tools, parts, scrap and other objects from hazardous or confined spaces quickly, easily and safely. Magna-Grab can also be used as a holding and positioning hand safety tool.

WARNING:

Do not attach to small objects and parts as removal may be difficult. It is recommended that persons do not lift more than 100 LBS (27 Kgs) when used as a retrieval device. Do not lift heavy objects by holding the gripped handle.

CAUTION!!!

Keep away from pace maker and ICD devices. Magnet will damage painted surfaces. Keep away from bank and credit cards (magnetic strip cards). Keep fingers and hands clear from pinch points (pivot point and between magnet and steel). Wear gloves and other personal protection equipment when using. Do not allow two magnets to come in close proximity to one another or make contact, serious injury can result.

PLEASE READ THIS IMPORTANT USAGE AND SAFETY INFORMATION BEFORE USING THIS PRODUCT !

WARRANTY:

Warranty applies to manufacturing defects only for a period of 90 days from the date of purchase. Contact ADAMAR Industries LLC at info@adamarindustries.com or visit <http://www.adamarindustries.com> to initiate a warranty claim via our contact form. Any signs of misuse, abuse, excessive damage, modifications, alterations as well as normal/expected wear will not be considered as a cause for a warranty claim. Magnets are a wearable item and may need to be replaced.
