

#### APPLICABLE PARTS

SG12515, SG0113

**PLEASE READ THIS IMPORTANT USAGE  
AND SAFETY INFORMATION BEFORE  
USING THIS PRODUCT !**

Slick-Grip rubber tool mounts are designed to be mounted to a wide array of objects, surfaces and vehicles. Slick-Grip rubber tool mounts come in 2 sizes and include standard mounting screws. Slick-Grip rubber tool mounts are a great way to secure ADAMAR Industries tools in the workplace to shadow boards (tool boards), work vehicles, heavy equipment and more. Slick-Grip mounts can also be used in your own garage, shop or recreational vehicles to secure a wide variety of hand tools and equipment.

## !! WARNINGS & INSPECTIONS !!

**Mounting: This is up to you!** ALWAYS use proper hardware suited for the surface you are mounting to. 4, #12 self tapping metal screws are included with each mount. These screws are best for use when mounting to sheet metal, thin wall steel/aluminum tube or ADAMAR Industries tool storage boards that are laminated with an aluminum sheet over 9/32" plywood.

**Holding Power:** Objects, tool handles and other equipment not within the size range of the mount may not remain secured by or within the mount. Mount retainer strap should be latched snugly and securely. Use two mounts on long objects that are stored horizontally.

**Periodic Inspections:** Check your Slick-Grip mounts periodically for damage, broken retainer straps, loose mounting hardware, cracks, cuts and UV damage if used or located outside in the elements. Replace worn or broken mounts.

### PART: SG12515

Use with 1.25" to 1.6" diameter tool handles.

### PART: SG0113

Use with 1" to 1.3" diameter tool handles.

Each Package Includes:
